

# AN-POE-INJ-MG-30W Multigig PoE+ Injector

## Features and Specifications

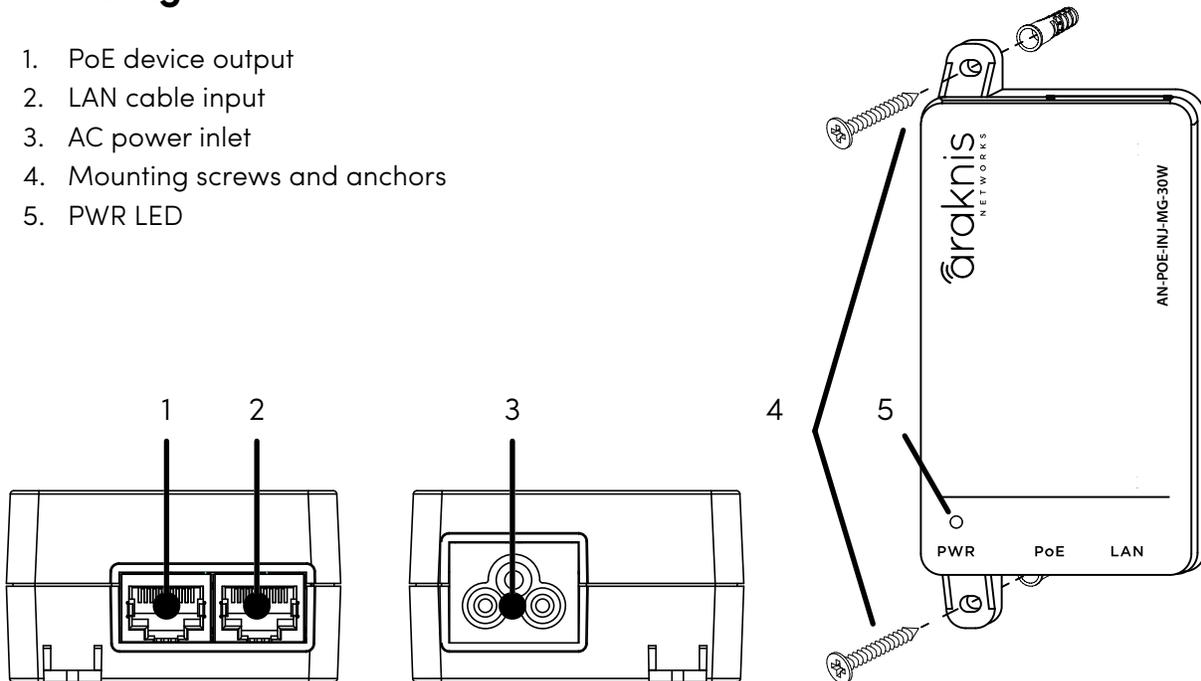

- Built-in mounting tabs with included screws and anchors.
- 802.3af/at compliant; automatically detects and provides the required voltage and power for compliant devices.
- Multigig Ethernet ports support full duplex 10/100/1000/2500 Mbps
- Power Input: 100-240V AC, 50-60Hz, 0.8A
- PoE Output: 54V 0.6A DC, 30W max
- Operating Temperature: -4 to 104° F (-20 to 40° C)

## Installation

Mount the injector and connect the Ethernet cables, then connect power.  
The PWR LED is solid green when powered on.

## FCC Warning

This device has been tested and found to comply with limits for a Class A digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates and radiates radio frequency energy and, if not installed and used in accordance with the user's manual, it may cause interference in which case users will be required to correct interference at their own expenses.

## CE Warning

This is a Class A product. In a domestic environment, this product may cause radio interference in which case the user may be required to take adequate measures.
